

MEMORANDUM FOR: Director, Intelligence Community Staff

FROM: Executive Assistant to the DDCI

Instead of forwarding this letter, the DDCI called Bud Mullen. He noted that they seemed to be talking past one another and suggested that he come by for lunch or breakfast after John's return to try to straighten things out. Mullen agreed.

MEMORANDUM FOR: Deputy Director of Central Intelligence

FROM:

Director, Intelligence Community Staff

25X1

SUBJECT: Letter from DEA on International Narcotics Collection

1. Attached is a proposed response to a letter dated 3 October 1983 from Mr. Francis M. Mullen, Jr., Acting Administrator, Drug Enforcement Administration, in response to your letter of 31 August 1983 regarding implementation of the National HUMINT Collection Plan on International Narcotics.

2. Your earlier letter to Mr. Mullen (Tab A) addressed the need for coordination of narcotics collection efforts and asked that DEA describe its ability to respond to those collection objectives for which it accepted responsibility under the HUMINT collection plan. You sent similar letters to other Federal department and agency heads. Mr. Mullen's response (Tab B), while purporting to express a willingness to cooperate fully in national narcotics collection efforts, addressed several issues that were not raised in your correspondence. Some of these issues may pose questions as to DEA's intentions regarding the coordination of narcotics intelligence collection activities. An analysis of the DEA letter is attached at Tab C.

3. Attached at Tab D is a proposed response that expresses your concern that Mr. Mullen has misunderstood the responsibilities and intentions of the DCI and the Intelligence Community and that urges coordination and cooperation in narcotics collection efforts. However, since Mr. Mullen's letter may also reflect a basic dissatisfaction and fundamental concern with DCI responsibilities, the proposed response for your signature suggests the possibility of a meeting between you and Mr. Mullen to address these and related concerns.
